**Coverage Most  
Homeowner's Policies  
Do Not Provide !**

Our program helps cover some of what homeowner's policies exclude! The typical homeowner's policy provides liability coverage for personal exposures only. Therefore, claims from your in-home child care business is excluded. AFDS provides coverage not only for most of the normal liability exposures, but also for allegations of sexual abuse.

### Why Buy Liability Insurance:

- The standard homeowner's policy (HO-3) excludes liability coverage for family child care activities.
- Unlike many family home liability policies, sexual abuse protection is automatically offered as part of the liability coverage up to a maximum of \$100,000 / \$300,000.
- Affordable Premiums ( Financing Available )
- Peace of Mind

### Did You Know:

- 80% of claims filed are due to lack of supervision of children in day care.
- Child Care Providers can check their neighborhoods and local area for sexual offenders by going to [www.NationalAlertRegistry.com](http://www.NationalAlertRegistry.com)

### Our Policy Provides Protection For:

- Bodily Injury and Property Damage resulting from the child care operation.
- Allegations of sexual abuse involving children from the child care operation. (up to a maximum of \$100,000/\$300,000)
- Personal injury offenses including libel, slander and alienation of affection of any child from the business.
- Accidents, without regard to fault or liability, to children from the child care operation, both on and off premises. Medical payments coverage (\$1,000 / \$5,000 / \$10,000) is automatically provided and is excess over any other collectible insurance.
