## New Enhancements and Expanded Coverage for Med Lab Choice

Kennesaw, Georgia – May 6th, 2008 – Thomco is excited to announce that their Medical Laboratory program, Med Lab Choice, has been improved in several different ways!

Med Lab Choice, a program available nationwide (except Kansas), has new, lower rates and a new minimum premium starting at \$2500. Med Lab choice has also improved policy language, including Defense Outside the limit. In addition, Med Lab Choice has been enhanced to add Imaging Centers certified by the American College of Radiology (or similar nationally accredited organization) as an eligible classification. The program is able to write Imaging Centers that are part of a Medical Laboratory as well as stand-alone Imaging centers. Thomco feels these enhancements have contributed to the increased hit ratios of more than 25%.
